

## Dr.Suzuki's(Suzuki Sensei) 120th birthday (2018-10-17)

October17th of this year is Dr.Suzuki's(Suzuki Sensei) 120th birthday.

Representing all Suzuki Method members in the world, members of TERI head office in Matsumoto city visited his grave in the suburb of Matsumoto and placed flowers.

It was fine weather and one member played “Twinkle Twinkle Little Star(Kirakira-Boshi)” celebrating 120th birthday.

While Dr.Suzuki was alive, he used to say “I extended myself my retiring age to 120 since I still have many things to accomplish! ” Is there anyone who dare to ask Dr.Suzuki if he is satisfied or declare re-extension??
